FAX (562) 916-1379

Dear Captain Siara,

X On 3/28/03 we came into the Cerritos Sheriff Station and spoke with Deputy Floan regarding our desire to file a criminal report of forgery with your Sheriff station. We then waited over two hours before Deputies Smith, Serrano, and Bastian assisted us regarding our complaint. Deputy Smith then told us that we could not file a criminal report with your police department because we had filed the civil portion of our complaint first. We asked him for the California Law Code that states his claim and he said he did not know what it was. Deputy Smith also told us to contact the Forgery and Fraud Detail of the Detective Division of the Los Angeles County Sheriff, at 11515 South Colima Road, Building M, Room 104, Whittier, CA 90604. Deputy Smith said that this Forgery and Fraud Detail could take our complaint.

X On 4/1/03 we spoke to Sergeant McLin, Badge #060704, of the Forgery and Fraud Detail of the Detective Division of the Los Angeles County Sheriff Department. Sgt. McLin informed us that there is no California Law/Code because it is PERFECTLY LEGAL to file a criminal report regarding our forgery case as it does not matter what order - criminal or civil - we file first. Sgt. McLin also told us that we cannot file our forgery case with the Forgery and Fraud Detail unless we first file it with your Cerritos Sheriff Station and get a report number for our complaint from your station.

X Deputies Smith, Serrano, and Bastian gave us the WRONG information. We are now therefore requesting once again to file a criminal report regarding our forgery complaint with your Cerritos Sheriff Station because it is our right as American citizens to do so. You are welcome to look at our California Driver's licenses to verify that we are citizens of this country. Also, it is your job to do law enforcement, which includes investigating criminal activity. Forgery is criminal activity; see California Penal Code 470.

We are looking forward to your response.

Sincerely yours,

Michael and Elana Laham
