Dear Sgt. Robert McLin,

Regarding our telephone conversation with you on 7/23/03 on your Uniform Report Number (URN, or File Number) T03-02003-2314-444, Investigation of Forgery [CA Penal Code Sec. 470(a) through (d)] by Presidential Real Estate, we believe you made the following quotes and statements:

* You said, "The person who did the forgery denies it's a forgery." So what? Of course they are going to deny it, just as the fox who guards the chicken coup is going to eat the chickens!!! And we would not expect you to believe us either: that is why we gave you NEUTRAL EVIDENCE that speaks for itself.

As You said, "There is no evidence of a crime." How do you know that there is no evidence of a crime if you did not EVEN investigate who the potential forger might be, since you said during our telephone conversation that, "The person who did the forgery denies it's a forgery." Is that supposed to make sense to only contact the person who claims he initiated the document, but not contact anyone else who may have actually forged it? The evidence of a crime/forgery comes from two forgery experts who say in their expert opinion that a forgery DID take place, and they are 1) a retired police officer who worked in the fraud investigation's unit and 2) the forgery expert WHO CAUGHT THE UNI-BOMBER!!! So in light of their very impressive background, whom do you expect people to believe, you or the two of them?!?!?!?

* You said, "I am not conducting an investigation." Why not? Is it because Presidential Real Estate who is the entity out of whom we believe the forgery came is on your PRETTY PEOPLE LIST whom you consider are ABOVE THE LAW?

We believe you sounded angry during our entire telephone conversation of 7/23/03 when I called you to inquire about the forgery case. We did not commit any CRIME!!

* You said, "This matter is closed out," and "I refuse to write a letter to document the close out of this case." WOW!!! IS THAT BECAUSE YOU HAVE SOMETHING TO HIDE????!!!

After our telephone conversation with you, you gave us the strong impression that you are not willing to respond to us in writing. Thusly, we are forwarding a copy of this letter to Leroy D. Baca and Michael R. McDermott who directed us to you. We are also forwarding a copy of this letter to web sites that helps expose police misconduct such as cop watch and twisted badge.

If we have misquoted or misunderstood you in any way, please feel free to clarify yourself, but this time ONLY IN WRITING to our address below. If we do not hear from you within a reasonable time, than you will be communicating to us that everything above that we believe you stated is true.
