Dear Sgt. Robert McLin
Fraud Detail, LA County Sheriff,

~~X~~ DID YOU EVER READ "ANIMAL FARM"? IT IS ABOUT HOW ANIMALS ON A FARM ARE GIVEN THE RULE BY THE PIGS THAT "LAWS ONLY APPLY TO SOME, NOT TO ALL".

Please find with this letter the two (2) resumes from the Handwriting Experts, which we forgot to enclose in our letter to you dated 7/29/03. SEE we are telling you the truth. One handwriting expert, J. Richard Nadeau, helped capture the UNIBOMBER, and he wrote a book correlating handwriting style with different personality types. The other expert, W. A. Hatch, worked for many years as a police officer in the forgery detail under the handwriting comparison expert Harold Ely, and he is also a court-qualified handwriting comparison expert. These are EXTREMELY CREDIBLE handwriting experts. So please, in our opinion, SPARE US your nonsense!

In our opinion, a five-year-old could look at the letter R of the suspected initials on the Counter Offer #1 (included with our letter dated 4/15/03 to Lt. Gary De Cew of the Cerritos Sheriff Station) and look at the samples of letter R written by Real Estate Agent Richard Feng in the known exemplars. Then, even a five-year-old can SEE that the two "R"s in comparison are very different. We state these "In our opinions" for our own protection.

No, we will not complain to the office of Ombudsman about your "investigation", because in our opinion they are in bed with you. However, if you want the police misconduct web sites to see what we believe to be ANARCHY, so be it.

Most Sincerely Yours.

Richard Nadeau does Questioned Document work for attorneys and corporations where fraud embezzlement or forgery are suspected. He works with Fortune 500 Companies such as Tandy and International Banks such as the Israeli Bank Leumi.

Richard has developed a system to Profile and Identify senders of Anonymous and Disguised Messages, as well as Stalkers. He has worked with the F.B.I. in a task force to identify and capture the "UNIBOMB" sender of letter bombs, that have maimed and/or killed 27 college professors of genetics, as well as Airline and Computer Executives. He developed and "blind-tested" an Integrity Profile with an international financial Institution. The Profile identifies only extreme security risks. Test was a success and the corporation now avails itself of the Integrity Profile.

Richard has also authored a book (Library of Congress, TXU 330876), "The Six Career Styles of Handwriting." His book has sold in England, Canada and Israel, as well here in the States. It is presently in use at the University of Tel Aviv, Israel. This system correlates with the Holland R, I, A, S, E, C, six types, and is designed to identify optimum careers based on personality. It was tested in the San Francisco School System as well as Santa Monica College, CA. Statistics were handled by Ed Purcell, Ph.D. U.S.C.

RESUME OF MY BACKGROUND IN HANDWRITING COMPARISON

For the last six years of my employment with the Santa Ana Police Department, I was the Sergeant in charge of the Check and Forgery Detail. Prior to that time I studied for about eight years directly under a former handwriting comparison expert, the late Harold Ely. When he died in 1973, I started doing all of the handwriting comparison for the Santa Ana Police Department.

During those six years, I compared documents not only for the Santa Ana Police Department, but also for other Police Departments, the United States Postal Inspectors, the Department of Alcohol, Tobacco and Firearms, the Office of Naval Intelligence, the Office of Army Intelligence, the California Department of Fish and Game, the Orange County District Attorney's and Public Defender's Offices, as well as for three Municipal Court Judges as an appointed expert. I also attended an advanced course in questioned document examination at the F.B.I. Academy.

Since I retired, I have compared documents for the District Attorney's Office, the Public Defender's Office, Private Attorneys, Private Citizens, and several corporations such as Bank of America, Alpha Beta Markets, Safeway Market, Zody's Department Store, Flor Corporation, and Albertson's Market. I have also taught a class in Handwriting Comparison at Golden West College, and given several lectures at Santa Ana College.

I have testified as a Handwriting Comparison Expert in Municipal Court, Superior Court, Federal Court, Military Court, and before the Orange County Grand Jury. I have testified in Orange County, Los Angeles County, San Bernardino County, Riverside County, Ventura County, Tehama County, and San Francisco County. I have testified in both criminal and civil cases.
