To the Department of the City Clerk,

I write to let the City of Irvine know about the publicity my claim against the City of Irvine has received. As of the date of this letter, the story of my claim is on the Twisted Badge Message Board and Copwatch data base, for anybody to view. I have also sent the story of my claim to Copcrimes and Police Complaint Center websites as well. Finally, I have been in contact with a reporter for the Los Angeles Times, who has expressed interest in this story.

If you look at what is posted on the Twisted Badge Message Board and Copwatch data base, you will find that it is mostly a summary of the claim I submitted for \$5,000 to the City of Irvine in References (1), (2), and (3), which you rejected with no given reason in Reference (4). The story I have given to police misconduct websites and the media summarizes the events discussed in the references.

I just thought that the City of Irvine would like to be aware of the publicity.

~~Most Sincerely Yours,~~

Michael Laham
