##### Notice — Alternative procedure — Court's jurisdiction limited — Application to chapter 59.20 RCW.

(1) When the plaintiff, after the exercise of due diligence, is unable to personally serve the summons on the defendant, the court may authorize the alternative means of service described herein. Upon filing of an affidavit from the person or persons attempting service describing those attempts, and the filing of an affidavit from the plaintiff, plaintiff's agent, or plaintiff's attorney stating the belief that the defendant cannot be found, the court may enter an order authorizing service of the summons as follows:

(a) The summons and complaint shall be posted in a conspicuous place on the premises unlawfully held, not less than nine days from the return date stated in the summons; and

(b) Copies of the summons and complaint shall be deposited in the mail, postage prepaid, by both regular mail and certified mail directed to the defendant's or defendants' last known address not less than nine days from the return date stated in the summons.

When service on the defendant or defendants is accomplished by this alternative procedure, the court's jurisdiction is limited to restoring possession of the premises to the plaintiff and no money judgment may be entered against the defendant or defendants until such time as jurisdiction over the defendant or defendants is obtained.

(2) This section shall apply to this chapter and chapter 59.20 RCW.

##### Landlord — Duties.

The landlord will at all times during the tenancy keep the premises fit for human habitation, and shall in particular:

(1) Maintain the premises to substantially comply with any applicable code, statute, ordinance, or regulation governing their maintenance or operation, which the legislative body enacting the applicable code, statute, ordinance or regulation could enforce as to the premises rented if such condition substantially endangers or impairs the health or safety of the tenant;

(2) Maintain the roofs, floors, walls, chimneys, fireplaces, foundations, and all other structural components in reasonably good repair so as to be usable and capable of resisting any and all normal forces and loads to which they may be subjected;

(3) Keep any shared or common areas reasonably clean, sanitary, and safe from defects increasing the hazards of fire or accident;

(4) Provide a reasonable program for the control of infestation by insects, rodents, and other pests at the initiation of the tenancy and, except in the case of a single family residence, control infestation during tenancy except where such infestation is caused by the tenant;

(5) Except where the condition is attributable to normal wear and tear, make repairs and arrangements necessary to put and keep the premises in as good condition as it by law or rental agreement should have been, at the commencement of the tenancy;

(6) Provide reasonably adequate locks and furnish keys to the tenant;

(7) Maintain all electrical, plumbing, heating, and other facilities and appliances supplied by him in reasonably good working order;

(8) Maintain the dwelling unit in reasonably weathertight condition;

(9) Except in the case of a single family residence, provide and maintain appropriate receptacles in common areas for the removal of ashes, rubbish, and garbage, incidental to the occupancy and arrange for the reasonable and regular removal of such waste;

(10) Except where the building is not equipped for the purpose, provide facilities adequate to supply heat and water and hot water as reasonably required by the tenant;

(11)(a) Provide a written notice to all tenants disclosing fire safety and protection information. The landlord or his or her authorized agent must provide a written notice to the tenant that the dwelling unit is equipped with a smoke detection device as required in \*RCW 48.48.140. The notice shall inform the tenant of the tenant's responsibility to maintain the smoke detection device in proper operating condition and of penalties for failure to comply with the provisions of \*RCW 48.48.140(3). The notice must be signed by the landlord or the landlord's authorized agent and tenant with copies provided to both parties. Further, except with respect to a single-family residence, the written notice must also disclose the following:

(i) Whether the smoke detection device is hard-wired or battery operated;

(ii) Whether the building has a fire sprinkler system;

(iii) Whether the building has a fire alarm system;

(iv) Whether the building has a smoking policy, and what that policy is;

(v) Whether the building has an emergency notification plan for the occupants and, if so, provide a copy to the occupants;

(vi) Whether the building has an emergency relocation plan for the occupants and, if so, provide a copy to the occupants; and

(vii) Whether the building has an emergency evacuation plan for the occupants and, if so, provide a copy to the occupants.

(b) The information required under this subsection may be provided to a tenant in a multifamily residential building either as a written notice or as a checklist that discloses whether the building has fire safety and protection devices and systems. The checklist shall include a diagram showing the emergency evacuation routes for the occupants.

(c) The written notice or checklist must be provided to new tenants at the time the lease or rental agreement is signed, and must be provided to current tenants as soon as possible, but not later than January 1, 2004;

(12) Provide tenants with information provided or approved by the department of health about the health hazards associated with exposure to indoor mold. Information may be provided in written format individually to each tenant, or may be posted in a visible, public location at the dwelling unit property. The information must detail how tenants can

control mold growth in their dwelling units to minimize the health risks associated with indoor mold. Landlords may obtain the information from the department's web site or, if requested by the landlord, the department must mail the information to the landlord in a printed format. When developing or changing the information, the department of health must include representatives of landlords in the development process. The information must be provided by the landlord to new tenants at the time the lease or rental agreement is signed, and must be provided to current tenants no later than January 1, 2006, or must be posted in a visible, public location at the dwelling unit property beginning July 24, 2005;

(13) The landlord and his or her agents and employees are immune from civil liability for failure to comply with subsection (12) of this section except where the landlord and his or her agents and employees knowingly and intentionally do not comply with subsection (12) of this section; and

(14) Designate to the tenant the name and address of the person who is the landlord by a statement on the rental agreement or by a notice conspicuously posted on the premises. The tenant shall be notified immediately of any changes by certified mail or by an updated posting. If the person designated in this section does not reside in the state where the premises are located, there shall also be designated a person who resides in the county who is authorized to act as an agent for the purposes of service of notices and process, and if no designation is made of a person to act as agent, then the person to whom rental payments are to be made shall be considered such agent;

No duty shall devolve upon the landlord to repair a defective condition under this section, nor shall any defense or remedy be available to the tenant under this chapter, where the defective condition complained of was caused by the conduct of such tenant, his family, invitee, or other person acting under his control, or where a tenant unreasonably fails to allow the landlord access to the property for purposes of repair. When the duty imposed by subsection (1) of this section is incompatible with and greater than the duty imposed by any other provisions of this section, the landlord's duty shall be determined pursuant to subsection (1) of this section.

**Finding -- 2005 c 465:** "The legislature finds that residents of the state face preventable exposures to mold in their homes, apartments, and schools. Exposure to mold, and the toxins they produce, have been found to have adverse health effects, including loss of memory and impairment of the ability to think coherently and function in a job, and may cause fatigue, nausea, and headaches.

As steps can be taken by landlords and tenants to minimize exposure to indoor mold, and as the reduction of exposure to mold in buildings could reduce the rising number of mold-related claims submitted to insurance companies and increase the availability of coverage, the legislature supports providing tenants and landlords with information designed to minimize the public's exposure to mold." **Failure of landlord to carry out duties — Determination by court or arbitrator — Judgment against landlord for diminished rental value and repair costs — Enforcement of judgment — Reduction in rent under certain conditions.**

(1) If a court or an arbitrator determines that:

(a) A landlord has failed to carry out a duty or duties imposed by RCW 59.18.060; and

(b) A reasonable time has passed for the landlord to remedy the defective condition following notice to the landlord in accordance with RCW 59.18.070 or such other time as may be allotted by the court or arbitrator; the court or arbitrator may determine the diminution in rental value of the premises due to the defective condition and shall render judgment against the landlord for the rent paid in excess of such diminished rental value from the time of notice of such defect to the time of decision and any costs of repair done pursuant to RCW 59.18.100 for which no deduction has been previously made. Such decisions may be enforced as other judgments at law and shall be available to the tenant as a set-off against any existing or subsequent claims of the landlord.

The court or arbitrator may also authorize the tenant to make or contract to make further corrective repairs: PROVIDED, That the court specifies a time period in which the landlord may make such repairs before the tenant may commence or contract for such repairs: PROVIDED FURTHER, That such repairs shall not exceed the sum expressed in dollars representing one month's rental of the tenant's unit in any one calendar year.

(2) The tenant shall not be obligated to pay rent in excess of the diminished rental value of the premises until such defect or defects are corrected by the landlord or until the court or arbitrator determines otherwise.

**Substandard and dangerous conditions — Notice to landlord — Government certification — Escrow account.**

(1) The legislature finds that some tenants live in residences that are substandard and dangerous to their health and safety and that the repair and deduct remedies of RCW 59.18.100 may not be adequate to remedy substandard and dangerous conditions. Therefore, an extraordinary remedy is necessary if the conditions substantially endanger or impair the health and safety of the tenant.

(2)(a) If a landlord fails to fulfill any substantial obligation imposed by RCW 59.18.060 that substantially endangers or impairs the health or safety of a tenant, including (i) structural members that are of insufficient size or strength to carry imposed loads with safety, (ii) exposure of the occupants to the weather, (iii) plumbing and sanitation defects that directly expose the occupants to the risk of illness or injury, (iv) lack of water, including hot water, (v) heating or ventilation
