Jennifer French,

When we moved into Asbury Park both Samantha Bailey Smith, manager, and Danielle Gibson, leasing agent, told us that Asbury Park management sends us our water bills. Our first and only water bill came from Asbury Park in an invoice through a thin window envelope in spite of the fact that we have sent many faxes over the months alerting management that we are not getting our water bills.

We received two notices from Asbury Park management taped to our door regarding repaving asphalt on the property. And yet, even though we have repeatedly requested via fax our water bills from management, we have received no water bills via mail, via fax, or taped to our door, except for our first one.

Also, according to Washington State Law RCW 59.18.063, we are entitled to receive receipts for rent and water bills (any payments) that we paid to Asbury Park. Once again, though we requested them repeatedly via fax, management has given us none.

Management is a hop, skip, and a jump away from our door, not over the mountains, or across the ocean, or falling from the sky, or climbing out of a volcano, etc, etc, etc. Therefore it is beyond our comprehension why management is not giving us our water bills or our receipts for the payments that we make to Asbury Park.

We notice more vacancies at Asbury Park than all of the apartment homes we have rented for the last seven years. Apparently other tenants are not getting their water bills either. Maybe you ought to give your job to a homeless person, especially since the economy is failing. They know who butters their bread.

Water bills don't come in thick envelopes. We already repeatedly told corporate office not to send us any correspondence(s) just send us our water bills and our receipts for rent and water bill payments.

Sincerely yours,

When we moved into Asbury Park both Samantha Bailey Smith, manager, and Danielle Gibson, leasing agent, told us that Asbury Park management sends us our water bills. Our first and only water bill came from Asbury Park in an invoice through a **thin** window envelope in spite of the fact that we have sent many faxes over the months alerting management that we are not getting our water bills.

We received two notices from Asbury Park management taped to our door regarding repaving asphalt on the property. And yet, even though we have repeatedly requested via fax our water bills from management, we have received no water bills via mail, via fax, or taped to our door, except for our first one.
