To the Washington Field Office of the FBI:

Please forward the following e-mail, including all of its attachments, to James B. Comey, Director of the FBI, or supply us with his direct e-mail address and we will send this e-mail to him ourselves.

The following e-mail is being sent in three times in order to send the following four attachments 04A, 04B, 11A, and 11B, which are too big to be sent in one e-mail:

To James B. Comey, Director of the FBI,

On 3/4/16, after four months of waiting for our criminal reports, and \$36.00 for application processing fees plus \$10.00 for registered mail fees, the USA FBI delivered to our post office box our request for criminal reports. Elana Laham's criminal record was absent. Instead there was a notice stating that Elana Laham's fingerprints were of too poor quality to be used. Never mind that Michael Laham's fingerprints are less readable than Elana Laham's fingerprints. Michael Laham's criminal record was present.

See attachments 11A and 11B to this e-mail verifying the FBI's reply to our request for our criminal reports.

On 10/19/15, the FBI office received our applications for criminal reports.

On 2/16/16 we spoke to a Lori regarding the fingerprints we sent to the FBI office to get our criminal reports. She said the fingerprints for Michael Laham were fine but the fingerprints for Elana Laham were not. She said they were "poor quality" and she refused to explain what that means. When Michael Laham asked what she meant she answered him by bestowing the broken record upon him that they were "poor quality".

On 2/16/16 we spoke with a Cynthia M who said there were "insufficient ridge detail" on the prints for boxes #9 and #10 for Elana Laham. When we told her we did not know what she meant by "insufficient ridge detail" she told us to call her supervisor whose name was Michael B.

On 2/16/16 we contacted Michael B who identified himself as the supervisor of customer service. We told him what had transpired in our conversations with Lori and Cynthia M and that Michael Laham's #9 and #10 boxes are more faded with less ink and less ridge than Elana Laham's #9 and #10 boxes. Yet Michael Laham's fingerprints were deemed acceptable but Elana Laham's were not. **So, Elana Laham's fingerprints, which are crisper, clearer, and darker, ought to be more acceptable than Michael Laham's fingerprints.**

Michael B. agreed that Elana Laham's fingerprints are of better quality than Michael Laham's fingerprints.

Next, Michael B. told us that Michael Laham had previous fingerprints taken with the Office of Personal Management (the Department of Insurance with the state of California as part of his application for license to sell life insurance). And explained that the FBI CJIS was able to use those fingerprints to verify that my Michael Laham is who he says he is, which is why Michael Laham was able to receive his criminal report.

Next, Elana Laham volunteered that she had fingerprints taken in the state of New York at the Bedford Hills Correctional Facility when she worked in that prison as a mail censor and Elana Laham had fingerprints taken in the state of California when she was hired as a teacher's aid for the LA Unified School District. But Michael B. told us he was not able to access Elana Laham's fingerprints, as they were not taken with the Office of Personal Management and so are owned by the state not the federal

government.

Being that Michael Laham's fingerprints are of poorer quality than Elana Laham's fingerprints, it makes NO sense that the FBI can use them to look at a previous set of fingerprints that Michael Laham had taken to verify that Michael Laham is MICHAEL LAHAM!!!

And the FBI ought to be able to retrieve fingerprints at local, state, or government levels for Elana Laham being that they are the FBI for God sakes!!!

Is my wife, Elana Laham, on the FBI's hit list??? How on Earth is Elana Laham a threat to the USA!!! Elana Laham has never ever committed any crime!!! How much bribe money did Michael B. get paid to deprive Elana Laham of her own criminal report?!?!?!?

Unless you have a SENSIBLE explanation as to why Elana Laham is being denied her United States citizen's rights to obtain her own criminal report, we demand that you send Elana Laham's criminal report to her just like you sent Michael Laham's criminal report to him.

Looking forward to your reply.

Most Sincerely Yours,

Michael Laham and Elana Laham
