I really hope Gohan is Buu's replacement. And I would definately wear a Gohan shirt/hoodie.

Still want a human (that's earned their strength, not Uub) to somehow manage to step up. Obviously nowhere near in time for this arc, but eventually.

+Corey Wright Now that you mention it goku admitted cell was stronger than him an gave up the fight so gohan could fight. Vegeta knew cell was stronger but still attack cell after cell shot trunks. Vegeta had goku beat on earth the first time! 🤔

+Raymond At this point, I believe he is, but I get the feeling the creator likes Krillin better and would most likely make him stronger rather than Tien. Just a feeling though.

The characters that need more spotlight are Tien, Piccolo, and Gohan. Tien has been training intensely for a long time now, and he has strive to become stronger. Piccolo is a very likeable character, so naturally he should get a buff. Gohan has the potential to grow much stronger, the mystic power is also exclusive to him, so I think a power boost would

Yamcha gets killed by a saibaman while master roshi beating the shit out of friezas army roshi is truly stronger

+Henry Gauna you literally took an arc from the beginning of Z and compared it with current events going on in the series, featuring numerous plotholes and in many cases not even written directly by toriyama. Talk about a faithful adaptation.

One: Broly? The *? Why?
Two: Has it been 10 years already? If not, Uub isn't ready to be in DBS yet.
And three: Pikkon? But he's dead. Oh and I doubt he is any stronger than Buu, so why would Pikkon be useful in here?

why is there two types of version of this movie like in one version gohan is almost killed but piccolo dies for him i think but gohan gets severely injured and the other version is where gohan and piccolo are still alive and not hurt like the other version
