## Conclusion

From Elana Laham"

\*\*\*

Thanks to the Bully Culture  
there are a lot more BAD people in this world  
than there are GOOD people in this world.

That being said  
Most victims of bullying are besieged by  
Constant bouts of bullying.

This subjects the victim to being  
Ganged up upon and Gossiped about.

Consequently, the Bully Culture  
blames the victim for being a victim of bullying  
by claiming that the victim is making trouble  
for all of these so-called people

by having the "good slam-error-a-ton"  
also known as the Good Samaritan  
who is a bully coward incognito  
accuse the victim of bothering people  
by saying, "You do not get along with people."

Victims just say back,  
"I get along with GOOD people just fine.  
It's BAD people I do not get along with."

The following is the Police Report we had to file against DAVID  
BUKREES on March 25, 2018:

## THE POLICE REPORT

### Incident #1:

Approximate Date January 2017

Michael Laham and Elana Laham were going up the stairwell to Elana Laham's apartment unit #9 when a male we did not know blocked our path.

The male was about six and a half feet tall, he had black short hair with a black stubble beard, and olive skin color, a medium build, and he looked to be in his mid twenties in age.

We tried to go around him but he got into a military stance (feet shoulder width apart and arms crossed over his chest), which made it necessary for us to make contact with his body if we continued to go up the stairs. Elana asked him why he was blocking our way. He said something in Hebrew we did not understand. So Elana asked him if he spoke English. He said the following two words in English to us: "food" and "fell". We did not understand what he was saying. So Elana told him if he did not get out of our way we were going to contact the police. He refused to let us pass him. So Elana asked him for his name and his address. He told us that his name was Mazubee and that he lived in apartment unit #5. We invited him to go to the police with us. He refused.

[David Bukrees is a bully coward who is a troublemaker searching for a victim to physically bully. Otherwise, if he had an issue with us then why was he NOT willing to come with us to the police to resolve it?]

So we turned around, descended down the stairwell, went to the local Karmiel Police Station, and reported to the police what had happened. The police did not know who the male was. So they told us we cannot file a police report. Then, two police officers escorted us home. The male was gone. After that, the police officer, whose name is Uri Lav Ari, knocked on apartment unit #5's door. No one opened the door. So the police officers left.

### Incident #2:

Approximate Date March 2017

I, Michael Laham, was going to my wife, Elana Laham's, apartment when the same male who harassed my wife and I, blocked my path. I tried to go around the male but the male got into a military stance (feet shoulder width apart and arms crossed over his chest), which made it necessary for me to make contact with his body if I continued to go up the stairs. The male said the following two words to me in English: "food" and "fell". I did not understand what he was saying. So I turned around and descended down the stairwell, went to the local Karmiel Police Station, and reported what happened. I spoke to an officer named Faiz who escorted me to Elana Laham's apartment. I told officer Faiz that this male told us that his name was Mazubee and that he lives in apartment unit #5. Officer Faiz went to apartment unit #5 and spoke to

a middle-aged female in a language I do not know. Then, Officer Faiz reported to me that the female informed him that no male lives in apartment unit #5. After that, Officer Faiz told me that the police are not able to file a police report without knowing the male's name and the male's residence.

[David Bukrees is a bully coward who is a troublemaker searching for a victim to physically bully because he is hiding from the police since he gave us a false name and a false address. So the police cannot locate who he is. So he can continue to harass us.]

Incident #3:

Approximate Date April 2017

I, Michael Laham, was going to my wife, Elana Laham's, apartment when the same male, who harassed my wife and I, blocked my path at the landing for apartment units # 5 and #6. I tried to go around him but he got into a military stance, (feet shoulder width apart and arms crossed over his chest), which made it necessary for me to make contact with his body if I continued to go up the stairs. He said the following words to me in English: "Food on mazgan. Come in. I show you." The door to apartment unit #5 was open. I refused to enter the apartment unit #5 for fear of my safety. Suddenly, the male committed assault and battery against me by throwing parsley in my face. I quickly left.

Incident #4:

Approximate Date April 2017

I, Michael Laham, was walking northbound on Rehov HaGalil to the store to buy groceries when the same male, who committed assault and battery against me and harassed my wife and I, was now stalking me by driving up to me on a motor scooter and said the following words to me in English: "Food on mazgan". This part of Rehov HaGalil is a one-way street. So for fear of my safety I quickly walked away in the opposite direction of his motor vehicle. Then, he drove away.

Incident #5:

Approximate Date May 2017

I, Michael Laham, was walking northbound on Rehov HaGalil from the library to my apartment when the same male, who committed assault and battery against me and harassed my wife and I, was now stalking me by driving up to me on a motor scooter and said the following words to me in English: "Food on mazgan". This part of Rehov HaGalil is a one-way street. So for fear of my safety I started to turn around to walk away in the opposite direction of his motor vehicle. When he drove away. As he was driving away, I got the license number of his motor scooter.

Incident #6:

Date March 25, 2018

For about a year now, I, Elana Laham, noticed that the neighbors in apartment unit #5 have been leaving a bird in a birdcage on their balcony both day and night, rainstorm or sunshine, which constantly makes noise. About three months ago, I noticed that both the bird and the

birdcage were gone. There was no more bird noise. About a week ago, I heard bird noise again and noticed a bird in a birdcage on the balcony of the neighbors in apartment unit #5.

Obviously, these photos cannot disclose the noise that this bird is making. But these pictures do display the presence of a bird on apartment unit #5's patio. I do not know why these people bought a bird not for the enjoyment of it being inside their own home, but just to leave it outside where all the neighbours have to hear it.

So I, Elana Laham, let the neighbors in apartment unit #5 know that their bird was disturbing my peace and quiet. During the morning, I put the following note on the neighbors in apartment unit #5's door: "Your bird is polluting the air with its noise. Please bring it inside your apartment. So the rest of us do not have to listen to it break the peace and quiet. Thank you. Your neighbors."

That afternoon, I, Elana Laham, heard a noise in the hallway in front of my apartment door. I looked thru my apartment door's peephole and noticed it was the same male who committed assault and battery against my husband, stalked my husband, and harassed my husband and I. He put a ladder down in front of my apartment door and started climbing up the ladder to the roof. I was wondering what he was doing there, as he had no tools with him to fix anything. I tried to take a photo of him with my cell phone thru my peephole but there was too much light flooding the hallway to be able to take any picture. I called my husband and told him I was concerned that this male might bother me in some way.

My husband was on his way to my apartment from his apartment to make sure I was safe when I saw thru my apartment door's peephole the same male suddenly run down the stairs. I was still on my cell phone with my husband when suddenly my husband stopped talking to me. So I asked my husband, "What is going on?" My husband did not answer me. So I unlocked and opened my apartment door and stepped out into the hallway to try to hear what was going on. Finally, I heard my husband say thru my cell phone, "He is blocking my way to your

apartment". So I told my husband, "Call the police!"

My husband told me later that while he was going up the stairwell to my apartment the same male who committed assault and battery against my husband, stalked my husband, and harassed my husband and I, was blocking my husband's path. Then, the same male demanded to know, "What do you want with bird?" My husband said, "As we said in our note to the neighbors in apartment unit #5, we need the bird to stop making noise". [A female resident of apartment unit #5 had told police officer Faiz that this same male does not live in apartment unit #5! So why was this same male bothering us about our concern with the bird in apartment unit #5?] After that, my husband turned around and went down the stairwell. But instead of leaving my husband alone, this same male stalked my husband by following my husband down the stairs. So my husband went into the street where there were people and at around 4:00 p.m. my husband called the emergency police (telephone number 100).

Next, I saw this same male running very fast up the stairs to my apartment. Fearing for my safety I ran from the hallway into my apartment and closed and locked my apartment door. I saw this same male thru my peephole and heard him violently hit and kick my apartment door repeatedly. I tried to take a photo of him with my cell phone thru my peephole but there was too much light flooding the hallway to be able to take any picture. So I told him thru my peephole, "We know who you are and we have called the police." Now I saw this same male thru my peephole turn his head sideways so that his head was facing the hallway wall. Then, I heard my doorbell start ringing. It continuously rang non-stop, as if somebody was holding his finger on the doorbell. Now I saw this same male thru my peephole leave. After that, while my doorbell was still ringing, I quickly unlocked and opened my apartment door. I saw a piece of twig jammed in my doorbell switch. I took the piece of twig out of my doorbell switch. My doorbell stopped ringing and I quickly closed and locked my apartment door.

If the reader is interested in viewing the Doorbell Noise then please go to the following hyperlinks at [www.bullcrapbusters.com](http://www.bullcrapbusters.com):

[65A Doorbell Noise](#)

[65A Date Photo](#)

[65B Doorbell Noise](#)

[65B Date Photo](#)

There is no longer a twig in the doorbell. For fear of my safety I did not want to try to take a picture of said twig in doorbell while this crazy violent neighbor was still somewhere in my vicinity. But as you can see there is a gap between the grey portion and the white portion of the doorbell. That gap is where I discovered the twig, which made my doorbell constantly ring.

At around 4:30 in the afternoon, the emergency police arrived and escorted my husband to my apartment. Meanwhile, this same male had disappeared. They came with my husband into my apartment and my husband and I told the police what had happened. Then, I told the female officer, whose name was Shanee, the license number of this male's

motor scooter. After that, officer Shanee inserted the license number into her computer and it gave her the name and photo of this male. His name is David Bukrees. My husband and I confirmed that this was the male who committed assault and battery against my husband, attempted assault and battery against me, stalked my husband, and who is physically harassing us.

The police decided to talk to David Bukrees. So the police and my husband left my apartment to go to apartment unit #5 to talk to David Bukrees. That was when I heard a noise in the hallway in front of my apartment door. I looked thru my apartment door's peephole and saw David Bukrees re-appear. As if he was hiding from the police, he was on the roof and his ladder was on the roof with him. The access door of the roof is next to my apartment. David Bukrees with his ladder jumped down from it onto the hallway floor in front of my apartment. So I called my husband on my cell phone and told him to inform the police where David Bukrees was. My husband brought the police back to my apartment and they talked to David Bukrees in the hallway.

Then, the male police officer, named Roslan, mentioned something to us about papers. We did not know what he was talking about. So we told him so. After that, officer Roslan told us to go to the Karmiel police station to file a Police Report and a Protection Order against David Bukrees. So we did. Luckily, my apartment door was undamaged. So we do not have to file a lawsuit against David Bukrees.

[David Bukrees is a bully coward who is a troublemaker searching for a victim to physically bully being that he never contacted the police and instead always harassed us.]

On March 25, 2018, we filed the above police report with the Karmiel Police Station against David Bukrees.

[David Bukrees is a bully coward who is a troublemaker searching for a victim to physically bully under the guise of false accusations.]

Due to the language barrier, it took us a while to know what police officer Roslan meant when said to us in English the one word, "papers" and what David Bukrees meant when he said to us in English the words, "food on mazgan".

We realized that David Bukrees committed assault and battery on my husband, attempted assault and battery on me, was stalking my husband, and physically harassing us for over a year because he was accusing us of (behind door#1) putting food on unit #5's mazgan, and since he is now accusing us of (behind door #2) putting papers on unit #5's mazgan.

We did not put any food or any papers on unit #5's mazgan.

David Bukrees's "food on masgan" accusation occurred April-May, 2017.

There was no food on David Bukrees's masgan. So I was not able to take a photo of it.

David Bukrees's "papers on masgan" accusation occurred March 25, 2018.

There were papers on David Bukrees's masgan. So I was able to take a photo of it.

In the photo there are a few little pieces of paper on David Bukrees's masgan.

If the reader is interested in viewing a photo of the papers on David Bukrees's masgan then please go to the following hyperlinks at [www.bullcrapbusters.com](http://www.bullcrapbusters.com):

[66A Papers Mazgan](#)

[66A Date Photo](#)

In the photo there are also little pieces of paper on the ground of the garden in front of a tree. I have seen these papers. The wind grabs these papers and blows them all over the place. They land on the sidewalk, plaza, and stairwell of my apartment building.

If the reader is interested in viewing a photo of the papers on the stairwell of my apartment building then please go to the following hyperlinks at [www.bullcrapbusters.com](http://www.bullcrapbusters.com):

Why doesn't David Bukrees simply take a broom and brush the

papers off and/or go to the Police?! Why instead does David Bukrees use their existence as an excuse to physically attack people?!
