To Chief of Police Hori Rami,

I am sending this correspondence to you to bring to your attention that I am posting the events on my website(URL) www.bullcrabbusters.com on my web page “Updates 7/20/18” for the entire Internet world to know about as they develop regarding your Karmiel Police Department’s refusal to do their job by refusing to enforce the Protection Orders that the Akko Magistrate Court granted me, Elana Laham, against Susana Vexler (Case #13488-04-17), and David Bukrees (Case #44415-04-18) and whether or not you are going to do anything about it.

I have a popular website. It has been on the top of the first page under the search phrase of “bully’s ruses” of all three major search engines of Yahoo, Google, and Bing from May 2015 to July 2018 and counting...

Included in this fax are the Google, Yahoo, and Bing search engine web pages. See attachment 103 to this e-mail for details.

You are the Chief of Police of the Karmiel Police Department so you are liable for the police conduct of all the police officers that work for your Karmiel Police Department.

That being said...

If you decide to do nothing about the biased treatment I am receiving from your police officers who are refusing to enforce my Protection Orders against Susana Vexler and against David Bukrees by ignoring the threatening note that Susana Vexler or David Bukrees or his wife addressed to me and the other incidents of harassment that Susana Vexler and David Bukrees continue to enact against me and by denying me my Israeli citizen’s right to file a Police Report against them then I will expose all of you as police officers that accept bribes that endanger peoples’ lives for the entire Internet world to know about and you can enjoy your negative publicity on the Internet.

But if you do your job by providing equal treatment to all Israeli citizens who seek Protection under the Law of Harassment then I will make positive posts for the entire Internet world to know about that you and your police department do not accept bribes that endanger people’s lives, and I will remove all the negative posts I have already posted about all of you on my BullCrap Busters website.

I also have in my possession the original threatening note that either Susana Vexler or David Bukrees or his wife has addressed to me in contempt of court and in violation of the protection orders I have against them for you to question them, dust for fingerprints, and get a handwriting sample from in order to prove who wrote this note. (I handled it with gloves. So it does not have my fingerprints on it).

I also have the trash that was deposited against my apartment door in contempt of court and violation of the protection order that I have against Susana Vexler for you to question her, and dust for fingerprints in order to prove whose trash it is. (I handled it with gloves. So it does not have my fingerprints on it).

That is if you are interested in doing your job versus accepting bribes that endanger peoples’ lives.

Included in this fax is my web page (html) “Updates 7/20/18”. It has been updated.

See attachment 66I to this e-mail for details.

Or you can go to (URL) www.bullcrabbusters.com web site and click on (html) “Updates 7/20/18”.

Included in this fax is a copy of the Police Report #334154.

See attachment 102 to this e-mail for details.

And a copy of my Victim Statement stamped Received by your Carmiel Police Department.

See attachment 101 to this e-mail for details.

Looking forward to your reply. No reply is also a reply.

I will be posting your reply or non-reply on my website (URL) www.bulldrapbusters.com on this web page (html) "Updates 7/20/18" for the entire Internet world to know about.

Please send your correspondence to the following e-mail address:

elanalaora@gmail.com

On July 27, 2018, I sent you a fax regarding this matter with all the above attachments to fax number 04-6458767, which is the fax number on the Carmiel police website. It succeeded. I sent the same fax, to-fax number 04-9901446, which is the fax number on the Carmiel police report forms. It failed.

See attachment 100 to this e-mail for details.
