## GOHAN'S REVIVAL????!!

### DRAGON BALL SUPER

When my entire website went DARK (Offline off the Internet) after I wrote my web page entitled, “Memorial to Gohan” [See Updates 10/10/16 of the BullCrap Busters website for more details], other than my website’s sudden CENSORSHIP, I wondered IF there was going to be any other reaction to what I wrote about him.

A couple of months later, after a lengthy drought of no Gohan, Dragon Ball brought Gohan back to its Anime. There was Dragon Ball Super Episode 74 (Saiyaman vs Barry Kahn) with its caption of, “I am The Great Saiyaman the hero of justice I won’t let evil escape!” And Dragon Ball Super Episode 75 (Saiyaman vs Goku) with its caption of, “Goku will attempt to alleviate his boredom by finding a worthy training partner and he ends up getting one in the form of The Great Saiyaman.” And Dragon Ball Super Episode 78 (Contest of Power) in which Gohan agrees to enter into and fight at the tournament for the sake of saving Universe 7 – Gohan’s world. And finally, Dragon Ball Super Episode 80 (Gohan vs Lavender) with its caption of, “Awaken your sleeping battle spirit! Son Gohan’s Fight!”

Being an avid Gohan fan, I found myself excited about watching Dragon Ball Super Episode 80. But while my heart pounded, and I waited with bated breath to view it, in the back of my brain, I wondered, “DO WORDS REACH THEM?” Did my web page on Gohan [See Updates 10/10/16 of the BullCrap Busters website for more details] arouse Dragon Ball from its stupor of ASPHYXIATING Gohan to RESUSCITATING Gohan?? Does Dragon Ball care about its Gohan fans after all???

In Dragon Ball Super Episode 80 the Exhibition Match begins for the Xenos who have never watched a tournament before.

The XENOS are portrayed as so mighty that they can annihilate an entire universe with a mere touch. Yet they have the stature of little children with football shaped heads and tinker toy limbs. So how do they store such POWER? And they have zero regret for the planets they obliterate in a game they play for their own amusement that is similar to checkers.

The Xenos are conducting a tournament they call the Tournament of Power, which is going to be held on a planet called Void. Their High Priest announces that all the universes that lose in this tournament will get ERASED. Their lives will be wiped out for the simple reason that they are not STRONG enough.

Goku suggests a tournament because he loves to fight. Yet Goku gets blamed by Beerus, who is the God of Destruction, for the losing universes being made to die instead of it being the Xenos fault for insisting on such consequences.

The Xenos remind me of the ELITE BULLY who rule over the BULLY CULTURE that we all live in. They have false power, are not held liable for their decisions, have no regard for life, believe that life is a game not to be taken seriously, and threaten to turn life into a void.

### BUU

Exhibition Match I starts with Buu versus Basil.

Basil who looks like a fox with scrawny arms but brawny legs ingests some sort of drug that makes him very strong and very fast. During most of the match Basil kicks the crap out of Buu until Buu decides to fight back. Buu overpowers Basil with a Kamehameha wave. Basil passes out. Buu, who on a regular basis consumes a variety of junk foods as the main staple of his diet, wins the match.

Message: Eating JUNK FOOD will make you BIG and STRONG.

### GOHAN

Exhibition Match II starts with Gohan versus Lavender.

### GOHAN'S NERD IMAGE

Gohan is in combat uniform but he is wearing glasses. He takes them off when he fights. This means that Gohan has to do battle with near sighted vision. Such creates a significant handicap for Gohan, as images that are not very close to him will appear unclear. I grasp the notion that Gohan is an aspiring postgraduate professor. So, maybe, he has to wear near sighted spectacles for all that close up computer and paper work. But it woulda, shoulda, coulda make more sense, especially if he is going to continue to be a fighter, if he was FAR SIGHTED. Anyway, Gohan ought to be FAR SIGHTED being that he spent a large portion of

his life as a warrior on a battlefield. Hence, his eyes are accustomed to viewing objects at a relative distance. Farsighted eyes only have trouble seeing clearly objects that are very close to them. Thus, farsighted individuals only wear visual aids when they are reading or writing.

### AIRTIME

Gohan's match is brief. It is shorter in duration than Buu's.

Message: Dragon Ball has BEGRUDGINGLY let Gohan re-enter the Dragon Ball Anime series as a warrior.

### DRAGON SOUL

What is this about Gohan's battle spirit being asleep? Gohan is a MYSTIC WARRIOR [See Updates 10/10/16 of the BullCrap Busters website for more details]. Just because Gohan can find things to do with his life during peacetime does not mean that his battle spirit is sleeping. A mystic warrior's spirit never goes to sleep for it always has to be prepared to fight for justice. And the call to preserve justice often arrives at inconvenient moments. Goku taught Gohan in the Hyperbolic Time Chamber that Saiyan transformations (ascension of power levels) are reached thru a NEED not a WANT [See Dragon Ball Z | Perfect Cell Saga | Episode 160 for details]. And Gohan has learned that his universe and every other universe in the cosmos that does not WIN in the tournament will be DELETED. Such is enough to arouse rage bursts within Gohan for the sake of protecting innocent lives that will elicit whatever power level he has to reach in order to defeat his rivals. The winner of the tournament gets to keep the Dragon Balls. So, being that Gohan is the most pure hearted of warriors, not only will he win the Tournament of Power, but also Gohan will use the Dragon Balls to restore all the lost universes being that he cherishes life.

### GOHAN'S FIGHT

In the beginning of Gohan's match with Lavender, Goku tells Gohan he will get his FIGHTING SENSE back. I was nine years old when I learned how to roller-skate. When I was thirteen years old I stopped roller-skating. At the age of twenty-three, TEN YEARS after I stopped roller-skating, I had a sort of middle-aged crisis. One day, I was eyeing my roller skates. I was in a missed-being-a-kid kind of mood. So, I put them on, and roller-skated around my neighborhood as if I had never stopped roller-skating.

Once you KNOW how to do something you will always know how to do it no matter how much time elapses. This is due to the fact that it becomes second nature.

So, there is no such thing as Gohan losing his fighting sense. Gohan was four years old when Piccolo taught him how to fight. After he beat Cell, Gohan stopped fighting for SEVEN YEARS. And, Gohan was Saiyaman while he was in high school. So he will not even be rusty.

It used to be said about Mohammed Ali, one of the greatest boxers in boxing, that he, "Stung like a bee and moved like a butterfly". What

makes a great fighter is not only the ability to strike blows but the capability to dodge blows as well. Gohan is very adept at both. He struck Cell so hard in the stomach that he made Cell regurgitate Android 18 [See Dragon Ball Z | Perfect Cell Saga | Episode 171]. He dodged Dabura's sword so well that only three locks of his hair got sliced off of his head instead of his whole body getting cleaved in two [See Dragon Ball Z | Babidi Majin Buu Saga Episode 227].

Lavender looks like a skinny dog without any muscle. Yet during Gohan's match with Lavender, Lavender is capable of grabbing and imprisoning Gohan's arm. And Gohan's punches and kicks do not have any serious impact on Lavender. There is a reason why people have muscle. Muscles store this thing called "POWER". Gohan has a muscular body build. So it ought to have been very easy for Gohan's arm to escape. Instead, Lavender is able to blow a purple cloud from out of his mouth that moves at the rate of a mist towards Gohan's face. It is a mist not an energy blast. Energy blasts can move as fast as the speed of light. But like a fog, mist moves very SLOWLY. And unlike a fog the mist is purple in color not INVISIBLE. So, it ought to be very easy for Gohan to dodge or block it. Instead it blinds Gohan's eyes. Now Gohan cannot see and Lavender's poison is circulating thru Gohan's body foretelling Gohan's death warrant. Even so it ought to be very easy for Gohan's strikes to floor Lavender. Instead, Lavender's Kamehameha energy blast defeats Gohan's.

Immediately, Goku offers Gohan a Sensu bean, which will heal Gohan. But suddenly, Gohan's character undergoes a personality disorder. It changes into Goku's who is more interested in toying with his opponent by testing his strength against his adversary, poison and all, rather than about winning the match so he can go home to his wife Vidal and his daughter Pan and live to fight another day in order to save his universe.

At the end of Gohan's match with Lavender, Gohan manages to dive bomb Lavender into the fighting arena at full speed ahead. However, Gohan's blindness prevents Gohan from being able to see it. So Gohan plane crashes as Lavender train wrecks into the fighting stage. Lavender is knocked out. Gohan stands up for a moment and says, "I won" before the poison over takes him and makes him fall down again as it reaches fatal proportion. Goku enters the fighting ring and gives Gohan a Sensu bean, which instantly restores Gohan. Gohan now gets up again. Meanwhile, Lavender is still down. Gohan was standing up like one tin soldier while Lavender was lying down like a combatant's corpse. Yet the high priest UNFAIRLY rules the fight as a TIE.

At this point I am overcome with Déjà Vu. This same scenario is what happened when Gohan fought Dabura to a stalemate. And just like with Dabura with Lavender Gohan is only fighting at Super Saiyan power level one. There is no lightening aura as in Super Saiyan power level two. Such implies that Gohan has lost so much fighting sense that he can no longer reach Super Saiyan power level two. Let alone Super Saiyan power level three that the old Supreme Kai brought out of him [See Dragon Ball Z | Fusion and Kid Buu Saga | Episode 262].

Gohan as a warrior is not allowed to win any of his fights, except for the one's when he is fighting as the hero Saiyaman against some

pathetic, pitiful low power level human like Barry Kahn who was infected with a micro organism from outer space [Dragon Ball Super | Episode 74].

Dragon Ball is continuing its course of MURDERING Gohan. But like a crazed serial killer how many times does Dragon Ball have to stab Gohan's body (character) to death when Dragon Ball has already made him dead?!

Question: Why does the MALICIOUS VICIOUS TEASE that Gohan is going to be brought back to life, persist?

Answer: Because Dragon Ball HATES its Gohan fans!

Question: Why?

Answer: Because!

Loving the TRUE Gohan means that some of Gohan's followers might decide to emulate Gohan's heroic nature and make our own non-fictional world of good and evil a better and safer place to live in by being heroes and heroines ourselves. The elite bully is opposed to such a fate for it poses a threat to the continuance of their Bully Culture.

### PUFF THE MAGIC DRAGON

by Peter, Paul, and Mary

“Puff the magic dragon lived by the sea. And frolicked in the autumn mist in a land called Honali. Little Jackie Paper loved that rascal Puff. And brought him strings and sealing wax and other fancy stuff.

Together they would travel on a boat with billowed sail. Jackie kept a lookout perched on Puff's gigantic tail. Noble kings and princes would bow whenever they came. Pirate ships would lower their flags when Puff roared out his name.

A dragon lives forever, but not so little boys. Painted wings and giant's rings make way for other toys. One gray night it happened, Jackie Paper came no more. And Puff, that mighty dragon, he ceased his fearless roar.

His head was bent in sorrow. Green scales fell like rain. Puff no longer went to play along the cherry lane. Without his lifelong friend, Puff could not be brave. So Puff, that mighty dragon, sadly slipped into his cave.”

Puff the green Magic Dragon refers to Gohan. Jackie Paper represents Akira Toriyama who abandoned Gohan by letting the Powers That Be – The Elite Bully – hijack the Dragon Ball franchise. Gohan lives forever as the mystic warrior that he is. But he can only be BRAVE if we believe in him by keeping Gohan in our minds and hearts forever by emulating his HEROISM.

### THE FORK IN THE ROAD

The Elite Bully arrogantly believes that if he REPEATEDLY keeps

erecting the FALSE Gohan image like he is doing in Dragon Ball Super, then Gohan's followers will continue to be strung along and eventually accept the BULLCRAP message about what a hero/heroine truly is.

People do go along with the BULLY CULTURE'S PROPAGANDA when people have to secure basic NECESSITIES such as food, water, clothing, and shelter. But watching Dragon Ball is a LUXURY. People do not have to do so in order to make a living.

The Elite Bully deludes him self into believing in the illusion that he is God. However, even God has its limits. God is both the LORD of the cosmos and the LAWS that govern it. This means that God must abide by its own rules. God is no hypocrite! If not then both the Creator and its Creation will revert into nothingness. Consequently, in order to ensure that all living creatures have a chance to exist, every thing and every being has limitations. This is due to the fact that the universe is designed such that all creatures are INTERDEPENDANT upon one another and each other for their very own survival. Such is known as the circle of life - the earth's ecosystem and the human species' socioeconomic civilization [See the web page entitled "The Clergy Bully" of the BullCrap Busters website for further details].

Herein lies the rude awakening for the Elite Bully. Hence, whether or not the Elite Bully likes it, he is dependent upon us so-called Peons for his very own subsistence. Thus, the Elite Bully is going to have to make a choice.

If the Elite Bully elects to get too greedy and stays stupid by taking everything away from the rest of us by making us homeless, jobless, and without other humanoids in our lives as well as deprive us of the few moments of enjoyment we can get from FICTION – by continuing to broadcast the false Gohan versus the true Gohan – then the Elite Bully will end up preaching its propaganda to EMPTY seats. For the Gohan fan club out of pure DISGUST will leave the Dragon Ball franchise building. I will venture to say that the Gohan fan base is the largest in the Dragon Ball series and for the simple reason that Gohan is a character we can all relate to and aspire to become like. Result: No one will be paying attention to, and every one will be ignoring the Elite Bully's hype about what heroism is all about. Goodbye POWER over the public. For the Elite Bully can only wield so much power otherwise the Elite Bully becomes powerless.

Or the Elite Bully can get smart and accept the fact that he has to give a little in order to get a lot by broadcasting the true Gohan in order to retain the Dragon Ball Anime Gohan fans. Thereby making them believe they have a stake in the Bully Culture. Therefore, the Elite Bully can go on getting his greedy share by ensuring that the people get their needy share.
